

MART COOKING

Award-winning chefs at the Mart

Don't miss this chance to discover, look, taste and take part in the unique event that is "The Food Project". An opportunity to be present at show-cooking and taste dishes by some of the world's greatest chefs in the Mart's rooms

The exhibition held at the Mart di Rovereto "**The Food Project. The shape of taste**" (www.mart.tn.it/progettocibo), running from 9th February to 2nd June 2013, offers a rich programme of events, with show-cooking by some of the world's greatest chefs in pride of place. A succession of 'artists of cuisine' will be showing their skill in the museum's rooms from 13th February to 22nd May: Gualtiero Marchesi, Bruno Barbieri, Moreno Cedroni, Iglés Corelli, Felice Lo Basso, Claudio Sadler, Davide Scabin, Luigi Taglienti and Roberto Valbuzzi.

Each of them will be presenting two dishes for "**Mart Cooking**".

The first will be chosen from each chef's own repertoire, while the second creation, made specially for the occasion, will be dedicated to the high-quality products of the Trentino region. **Mart Cookingb** is a celebration open to all: in order to participate, visitors need only have a concessionary entrance ticket to the museum. Moreover, for the first 40 who book for each event, the Mart will offer the possibility of **tasting** award-winning dishes and special wines for a fixed price.
